

Dear Precinct Caucus Attendee,

Thank you for being here this evening. Your decision to attend tonight shows that you aren't just talking about what needs to happen in Minnesota, *you're ready to do something about it*. I appreciate your commitment to our great state.

My name is Tad Jude, and I'm running for Minnesota Secretary of State because Minnesotans have to be able to **trust the vote**. *And right now, that trust is on the line.*

I want to bring my experience as an attorney, judge, and former legislator to help make Minnesota the gold standard for election integrity.

As you know, leadership in our state hinges on razor-thin margins. It only takes shenanigans in a few strategic places to keep us shut out, and we've seen it happen year after year. *Secure elections hold the key to restoring Minnesota's exceptionalism.*

I'm running for Secretary of State to:

- Require photo ID to vote
- Clean up Minnesota's voter rolls
- Eliminate practices like voter vouching and other voting loopholes
- Crack down on fraud in Minnesota's business licensing system

And if these things are important to you, I'd ask that you support my campaign by:

- Expressing your support for me during caucus discussions tonight
- Considering *becoming a delegate* so your voice is represented at the next level
- Voting for delegates who support my campaign
- Getting involved with my campaign

I have one more request for you this evening. If you care about bringing back the historic flag as much as I do, will you visit my website (see QR Code below) and sign a petition to allow Minnesotans to vote on restoring Minnesota's historic flag?

Thank you for being here and for your support.

We're in this together!
