Dear Caucus Attendees,

Thank you so much for attending tonight, we must work together to right the ship in our beautiful state. As the last few weeks unfolded, we are in shock at how the democrats have stolen from our state, allowed so much fraud and waste to occur. I am ready to stand for you; I am battle ready and I am not afraid. They have attacked me and my companies and guess what, MyPillow is still standing and I am still standing. Some of you might say that I have too much baggage, well my friends that baggage contains the receipts and evidence of how we need to win Minnesota and give people hope for a bright future for Minnesota.

On the first day we will bring back common-sense policies, our original state flag, ban boys from girls' sports and restrooms, and ban sharia law. Secondly, as a business owner I understand deviations, my team will end the fraud on day one and hold people accountable. Third, it is time to help all Minnesotans by ending the in-person retail sales tax, this will help all Minnesota families save money and it will help bring jobs back to the retail stores all over the state. Fourth, we will address the fraud of seeing our education spending going up 29% since 2022, while our test scores for reading and math continue to plummet, there is nothing wrong with our students, but our teachers' unions and the school administration will have some serious accountability that will be addressed immediately. We will also support first-time mothers, so their best and easy choice is Pro Life with financial support. It's time we look at social programs to end the fraud and failures immediately, so that we can focus on faith and success that allow people to end addiction, homelessness and joblessness while also addressing those with mental illness, so that they can see that their future can also be bright.

We need your help and support; this is a team sport. We must also collaborate with other candidates in the Minnesota House and Senate races, so that we can have a Minnesota First agenda, and take back both chambers. Our campaign is ready to fight for election integrity, to ensure that only legal votes are counted, no other campaign understands where the issues are or how to win.

We hope you will vote for us in the straw poll tonight and either run for delegate all of the way to the May 29-30<sup>th</sup> State Party State Convention to support our campaign or become either an absentee ballot board member or an election judge to protect the vote.

Thank you and God Bless,

Mike Lindell
