

# RAUL 2026 AND JOE

January, 30, 2026.

This letter is for the purpose of being read at 2026 Minnesota Republican caucuses February 3<sup>rd</sup>, 2026, or entered entered into Minnesota BPOU district records.

Raul Estrada.

Running in the Minnesota 2026 gubernatorial election as Minnesota's first Native American Indian Republican.

A lifelong resident of the twin cities with well over 40 years of service to the states multiple urban metro districts, as well as the far reaching rural districts throughout the state.

With an extensive history of political activism engaging in the states issues, fights, and community concerns, Raul has served on the front lines challenging school boards, city councils and other concerns most steer clear of.

Raul has worked with Minnesota's MMIWP/(Missing Murdered Indigenous Women and children) , Served as a liaison for the FBI/DOJ 90 day investigations in the spring of 2025, along with having been instrumental in the tracking and identifying of human and drug traffickers coming from the U.S/Mexico southern border into Minnesota.

With a solid foothold in the states growing voter populations, communities ans voter bases, Raul has bridged gaps between Minnesota's metro multi ethnic non christian communities and our states traditionally white christian communities by unifying polar opposite people through traditional Native American cultural aspects inviting christian pastors, Buddhist monks, Rabbis, and other faiths to "Sweat Lodge" ceremonies encouraging all to pray together despite significant differences.

In <sup>2020</sup> ~~2020~~ Raul worked to protect Minnesota's communities from the devastation of the Minneapolis riots and to prevent the over-spill into our rural districts.

Serving as a mediator in the 90s, Raul worked with gang violence mediator , pastor and author, Gordon McLane from Chicago along with local officials to negotiate a peaceful resolution in the shooting/killing of Minneapolis police officer Jerry Haff.

Late 90s Raul received a "Heros" commendation from the city of Minneapolis and the Minneapolis Fire Department for the rescue of several children from a burning building.

Over 40 years involvement in Minnesota's political playing field has given Raul a unique insight into the "dirty underbelly" of what's happening in our state, and how we got here.

While others blindly chase individual issues like falling leaves from a tree, Raul sees that tree as having sprouted from the seed of socialism, rooted in Marxism.

We will never resolve any of our state's issues blindly chasing those individual leaves.

We can only heal and restore our state by going to the root cause like a cancer cell, and cutting the Marxist agenda at the root.

These words were used to vilify Raul by Tim Walz in 2021 for stating publicly the need to "pull the weeds of socialism and liberalism choking us off" fueling Walz to pressure Ramsey county to charge with "inciting violence" subsequently targeting Raul to be held, detained, and interrogated multiple times at the direction of Tim Walz.

Nonetheless, Raul continues the fights for Minnesotans statewide.

Quote:

"I'm not here to shake hands, kiss babies, or make false promises I don't intend to keep.

I'm here for the fight to take back control of our state, level the playing field, and restore our government back into the hands of our people".

Day 1. Our Flag goes back up.

Day 2. We begin the process of organizing arrests.

Quote:

I'm not afraid of jeopardizing any re-election or campaign, or ruffling feathers.

Not running to be your priest, pastor, or therapist.

Not seeking to govern anyone, but instead to serve the people of our state.

---

Raul Estrada for governor 2026

Joseph Kinkaid for Lt. governor 2026
